

ARMOURBRITE™ SIGNAGE USED BY ALL TENANTS OF GRADE II LISTED OFFICES

Kingsmead Square comprises a terrace of restored Georgian town houses which have been converted into high quality offices, retail and a restaurant. The property is Grade II listed and fronts onto one of Bath's most attractive principal squares.

All of the office occupiers now have Armourbrite™ name plaques which reflect the high quality image of their organisations and ensures that they remain looking as good as new without the need for polishing. Armourbrite™ signs have also been used inside some parts of the building to provide maintenance free internal signage, as can be seen below:
